To Whom It May Concern,

Re: Media Solutions Testimonial

I confirm that I have dealt with Media Solutions for some time now and they have provided Cole Security Services Ltd with excellent support and training in the areas of website development and management, site optimisation and search engine analysis. Their work has been a major factor in our website's success, helping it to become far more visible, searched and visited.

I can confidently recommend Media Solutions as a solid and reliable supplier and expert in their field.

Yours faithfully

Simon Tabaczynski
Commercial Manager
